TurnItIn

Roster Sync (Update class list)

TurnItIn assignments only contain the list of students who were in your course when the assignment was created. If more students have enrolled since you create your assignment you will need to update the class list so those students can submit their assignments.

Access TurnItIn

- From Control Panel select from Course Tools > TurnItIn Assignments.

- Click on the required assignment link.
Roster Sync

- Click on the Roster Sync link to ensure the class list is up to date.
